Mr. Harry Barseghian  
Harry's Auto Body Inc.  
1013 S. La Brea Avenue  
Los Angeles, CA 90019

Dear Mr. Barseghian:

**COVERAGE UNDER GENERAL NATIONAL POLLUTANT DISCHARGE ELIMINATION SYSTEM PERMIT AND WASTE DISCHARGE REQUIREMENT – SUBTERRANEAN PARKING STRUCTURE, 1023 AND 1027 SOUTH REDONDO BOULEVARD, LOS ANGELES, CALIFORNIA (NPDES NO. CAG994002, CI-8331)**

We have completed our review of your application for a permit to discharge waste under the National Pollutant Discharge Elimination System (NPDES). You are proposing to conduct temporary groundwater dewatering activities during construction of an underground parking structure at the above-referenced location.

Based on the information provided, the proposed discharge of groundwater meets the conditions specified in Order No. 97-043, *General National Pollutant Discharge Elimination System Permit and Waste Discharge Requirements for Discharges of Treated Groundwater from Construction and Project Dewatering to Surface Waters in Coastal Watersheds of Los Angeles and Ventura Counties*, adopted by this Board on May 12, 1997.

Enclosed are your Waste Discharge Requirements, which also serve as your General NPDES permit, consisting of Order No. 97-043 and Monitoring and Reporting Program No. CI-8331. The discharge limitations in Part E of Order No. 97-043 are applicable to your discharge. Discharge from your facility is tributary to Ballona Creek, therefore, the discharge limitations in Attachment A are not applicable. Prior to starting discharge, a representative sample of the effluent shall be obtained and analyzed to determine compliance with the discharge limitations.

The Monitoring and Reporting Program requires you to implement the monitoring program on the effective date of coverage under Order No. 97-043. All monitoring reports should be sent to the Regional Board, [ATTN: Information Technology Unit](#).

When submitting monitoring and technical reports to the Regional Board per these requirements, please include a reference to "Compliance File No. CI-8331 and NPDES No. CAG994002", which will assure that the reports are directed to the appropriate file and staff. Also, please do not combine your discharge monitoring reports with other reports. Submit each type of report as a separate document. In order to avoid future annual fees, please submit written notification when the project has been completed and the permit is no longer needed.
